## FORTUNE IS TURNED OVER TO HYPNOTIST

Her Jewels and \$6,000  
Given Up by Mrs.  
Lindsay.

## THEN, FEARFUL, SHE TELLS POLICE

John Fosgate, Clairvoyant, and  
Confederate Now in Jail at  
Bristol, Captured While  
Seeking to Make Their  
Escape—May Have  
Other Victims.

(Special to The Times-Dispatch.)  
Bristol, Va., February 20.—A sensational case of what is believed to have been hypnotic influence was revealed here to-day, when John Fosgate, reputed hypnotist and clairvoyant, thirty years old, and William Lewis, his alleged confederate, about the same age, were arrested on complaint of Mrs. Annie Lindsay, widow of Stuart P. Lindsay, who was clerk of the United States Court at Abingdon for many years.

Lindsay, being advised that Fosgate and his associate were about to leave the city, made known to the police that she had mortgaged real estate in this city to the extent of \$6,000, which amount she had turned over in cash to Fosgate, together with a gold watch, a diamond ring and other jewelry.

Captured at Point of Gun.  
Fosgate was arrested by a detective early to-day, and Lewis, who hurriedly left the city in the early morning, carrying all the cash and jewels, was captured at a farm house near Vance, Tenn., six miles south of this city.

Policeman Samuel Odell, learning from the conductor of the early train by telephoning to Johnson City, that Lewis had left the train at Vance, hurried there. Covering Lewis with a revolver, Odell took possession of his grip and found in it a tin box containing \$3,500 in currency, \$3,500 in gold coins of \$5, \$10 and \$20 denominations. In addition to the money, the box contained two gold watches, pins, rings and diamonds valued at probably \$1,500.

Fosgate came to Bristol a month ago and opened an office here, professing to be an expert in palmistry, mesmerism, hypnotism and fortune-telling. His confederate came later. Fosgate advertised as the "most renowned professor of hypnotic science in the country," and his office was daily crowded with society men and women seeking to know what fortune held in store for them. Fosgate paid all bills promptly, and conducted himself in a way to inspire confidence. When taken to police headquarters to-day he frankly admitted that he had secured \$6,000 from Mrs. Lindsay, but declared that she gave it to him in a money bag with a marriage contract that he was to have been married to her, and that he would be able to prove as much by the time he was released.

It was learned to-day that Mrs. Lindsay spent ten days in an effort to secure the return of her money, but without success, and succeeded only by mortgaging valuable city property without allowing her relatives to know anything about the transaction.

Mrs. Lindsay is a daughter of the late Isaac C. Lindsay, who was for twenty-five years clerk of the Federal Court at Abingdon, Virginia, and who, prior to that time, conducted a newspaper in Bristol. The family is one of the best known and most highly connected in Southwest Virginia. Mrs. Lindsay has been so conservative in the management of her business affairs that her neighbors are greatly surprised that she has been made the victim of such a scheme.

Fosgate claims to have come here from Los Angeles, Cal., but he has operated in New York. He is a handsome man of medium height, with light brown hair and blue eyes. While this matter was brewing he was busy with the preparation of a lecture on church work, which he said he expected to deliver soon before the Bristol Young Men's Christian Association.

In the possession of Fosgate and his associate were found tools and appliances said by the police to be well suited for burglary. The case will be investigated in Police Court to-morrow, and Mrs. Lindsay, who is reticent to-day, is expected to tell her story of the affair.

The bond of each of the men was placed by Recorder Burrow at \$5,000, and as he refused to accept the money they are alleged to have fraudulently obtained from Mrs. Lindsay for bail, they are held in jail.

Catered Only to Wealthy.  
Fosgate dressed well and drove automobiles. He wore a Shriners' pin worth probably \$500 and a flashy Elk head, but the local members of these orders declare that he does not belong to them. The exalted ruler of the Elks to-day examined Fosgate and pronounced his pretensions at being a member of that order as fraudulent. It is said that other Bristol women of high social standing were involved with the clairvoyant, who catered only to the wealthy class of people, and especially aged and wealthy widows.

Fosgate carried a solid gold watch worth \$1,000, and a diamond ring, which States court clerk and bore his monogram, and other treasures of the aristocratic Lindsay family.

## SHOT BY STUDENT

Egyptian Premier Is Victim of Political Fanatic.  
Cairo, Egypt, February 20.—Boutros Boutros Ghali, the Egyptian premier and Minister of Foreign Affairs, was shot and seriously wounded to-day by a student, who was arrested after the shooting. The student fired five shots, three of the bullets lodging in the premier's body. Two of them, however, inflicted only superficial wounds. The bullets were extracted and it is practically certain that the premier will recover.

The crime was entirely of a political nature, the would-be assassin being a Nationalist. He declared that his motive was a desire to avenge various acts of the government which the Nationalists attribute personally to Boutros Pacha.

## PREMIER ASQUITH FACES VACANCIES

A Sign That He Expects Government to Pass Crisis Safely.

## KING'S SPEECH AWAITED

Until Then Plan to Curb Lords' Power Will Not Be Known.

London, February 20.—Premier Asquith has filled the vacancies in the ministry, which is an indication that he at least expects the government to pass safely through the crisis. The new ministers are:

William Wedgwood Benn and Ernest Joseph Soames, Junior Lords of the Treasury; Edwin Samuel Montague, Under Secretary for India, and Cecil William Norton, Assistant Postmaster-General. Mr. Norton succeeds Sir Henry Norman, who failed of election. This completes the ministry. In the case of the junior lords by-elections will be necessary, but as the government has good majorities last month there is little danger of their losing their seats.

The King's speech, it is believed, beyond the usual references to foreign affairs, will be confined to the question of finance and the relations between the two houses. The supremacy of the House of Commons in financial matters will be asserted firmly, but the government's plan for limiting the Lords' power of veto will not be disclosed until the Premier addresses the House in reply to the King's speech.

Finance practically is certain to take precedence over all other business in the House. Mr. Asquith has remained firm on this point, and the Liberal are convinced that the ministers will be able during the course of the debate on the address, to make out a case satisfactory to both the Labor and the Irish members.

## RAH! FOR VIRGINIA

Battleship Better Now Than When She Was New.

Washington, February 20.—A better ship than she was in her infant days, the battleship Virginia maintained an average speed of 15.44 knots an hour yesterday in a four-hour trial. The ship, under the command of Rear-Admiral Schroeder, in command of the Atlantic fleet, put her through off Guantanamo, Cuba. Such was the information contained in a telegram from the admiral received to-day at the Navy Department.

This speed is better than that made in the contractor's trials, when the ship was under service, and was conducted with a displacement of more than 1,000 tons greater than was the case when the contractors took the ship.

During the past week, Admiral Schroeder reported, the fleet had been at sea part of the time, holding training and battle exercises.

Landing forces from the Minnesota, New Hampshire, Mississippi and Idaho camped during the entire week on Deer Island, off the coast of Long Island, practicing, and engaging in company, battalion and regimental drills. In addition, boat crews landed and qualified as swimmers during the week.

## "TYPHOID MARY" FREE AGAIN

Walking Reservoir of Disease Germs Is Finally Released.

New York, February 20.—Typhoid Mary, whose real name is withheld at the request of the New York health authorities, is a free woman again, to-day, after having been confined in city hospitals off and on, for three years, because physicians said that she was a living receptacle for typhoid germs and a menace to public health. She is a cook and is considered particularly dangerous in that capacity as likely to transmit disease, but with the understanding that she is to cook no more, Health Commissioner Allen announced to-day that the department had decided to release her.

The case is unique in medical circles, and has attracted much attention. She was discovered in families for whom the woman cooked the authorities made an investigation which resulted in her detention. The theory that she was a walking reservoir for typhoid germs, harmless to herself, but easily communicated to others.

## BRITISH ISLES IN GALE

Storm Has Done Immense Damage to Shipping.

London, February 20.—A fierce gale has swept over the British Isles, doing an immense amount of damage. The harbors are all crowded with shipping seeking shelter. Incoming vessels report extremely rough passages. The Adriatic and the America, which arrived to-day at Plymouth, experienced a succession of heavy seas all the way across the Atlantic. Reports received here tell of the wreck of a large number of small craft.

## Senator Smith Improving

Washington, D. C., February 20.—Senator William Alden Smith, of Michigan, continued to improve to-day, and his friends are confident that it will be only a short time until he is recovered from his operation for appendicitis. He is still in the Homoeopathic Hospital, however.

Fredericktown, Mo., February 20.—Four men, three white and one negro, were killed by the collapse of a wall or a burning building here to-day. Two buildings were destroyed, with a loss of \$50,000. The dead men were volunteer firemen.

## TAFT'S MEASURES ARE SOALED DOWN

Will Be Satisfied if  
Four Get Through  
Congress.

## G. O. P. RELIEVED BY CONCESSION

Administration Program Cut to the Bone, and Leaders Promise That What Is Left Shall Go Through—Some Work May Be Done at Last.

Washington, D. C., February 20.—The announcement from the White House that President Taft had by his own motion cut down to four the number of administration measures he would demand at the present session of Congress is received by Republican leaders with unfeigned feelings of relief. The administration program was so formidable that members who are warmly supporting the Taft policies hardly knew where to begin.

A schedule, including only the bills to amend the interstate commerce laws, provide for the regulation of the issuance of injunctions, strike Arizona and New Mexico on the road to statehood, and to validate the withdrawals of public lands for conservation purposes, is regarded as quite possible of attainment. Most of these measures, it is believed, can be put through the House while the Senate is still wrestling with appropriation bills.

Quick Action Taken.  
When it was reported at the Capitol yesterday that the President would be satisfied with the enactment of the four measures named, steps were taken to bring all these matters out of committee at the earliest possible date. The postal savings bank bill already is before the Senate, and an agreement between the supporters of conflicting amendments is assured. It is regarded as practically certain that the bill can be passed during the coming week.

The one conservation bill that President Taft is determined shall be passed is that which gives to the President the unrestricted power to withdraw public lands from settlement and place them in reserve that will continue in force until restored by him or by Congress to the portion of the public domain that shall be open to settlement.

In the meantime an effort will be made by a special committee of Western Senators to perfect other conservation measures so that they will be ready for consideration at the next session.

Hearings are now in progress on the statehood bill, but it is unlikely that the measure will be brought out of the Senate Committee on Territories until the postal savings bank and railroad subsidy bills are passed.

Ship subsidy legislation is popular in so many sections of the country that some members are distinctly relieved at the prospect that the Humphrey bill, reported from the House Committee on Merchant Marine and Fisheries, may not be taken up at this session.

There is a feeling in the Senate Committee on Commerce that the rivers and harbors bill, as passed by the House, carries about as heavy appropriations now as can be hoped for at this session.

## For Pet Projects

The policy of the Senate committee will be to scale down the House appropriations wherever possible and make room for pet projects favored by Senators, without greatly swelling the aggregate sum to be carried by the bill.

Tariff revision Democrats and insurgents charged the Senate to be not at all satisfied with the complexion of the special Senate committee appointed to inquire into the high cost of the necessities of life.
